

CERTIFICATE OF ACHIEVEMENT

PRESENTED TO

Private Kevin Nguyen

In recognition of your successful completion of the 4th Battalion, 9th Infantry Regiment, Manchu Mile 2012 at Joint Base Lewis-McChord, WA. The 25-mile foot march commemorates the 9th Infantry Regiment's Relief Expedition to China in 1900. The Regiment marched 85 miles before conducting their assault against the city of Tientsin on the morning of 13 July 1900. More than 112 years after the march into Tientsin, today's Manchus still exemplify that the indomitable Manchu spirit has not changed regardless of year, conflict, or conditions. Keep Up The Fire!

Bloomberg says when he was in college he wasn't responsible enough for a gun and doesn't know anyone who is. That's funny, I know a lot of guys who remember 19 differently...
